## HOBBIES

- Coding
- Solving maths problems

## EDUCATION

**Bsc Physics**

Apr 2014 - Aug 2018

Benue State University, Makurdi

A graduate of physics from Benue State University, Makurdi.

## EMPLOYMENT

**Frontend developer internship**

Mar 2020 - Mar 2021

MountainBlue, Lagos

As a frontend developer, I developed user interfaces using react and other tools for better users experience.

**Frontend developer**

Apr 2021 - Present

Optimus pro, Lagos

I am responsible for developing user interfaces, writing logical functions and implementation of functionalities for better experiences using redux, react, mui, etc

## PROFILE

I am a frontend react developer with great knowledge of design architecture. I have 2 years of active experience in web development. My vast knowledge of mui, css, reactjs, redux, etc, are key for better placement. I have strong affinity to learning new technologies while becoming better developer.
